Fill your car with baskets of the sweetest fruits and fresh produce. Then make your way across the street to the old-fashioned café, where a player piano fills the air with sounds from yesteryear and the farmer's wife is in the kitchen serving up some of the south's best burgers, dogs and your favorite diner specialties.

Dessert is fresh churned strawberry, peach or blackberry ice cream, and sundaes served in the café's old-fashioned ice cream parlor. Experience it for yourself. **Find your thrill at Strawberry Hill USA!**
